Thank you very much for your precious prayers and monetary donations. Two mission teams are to be sent to the U.S. in December, one to Denver and New York from 11 through 14, the other to Los Angeles and San Diego from 25 through 28. They will play important roles in establishing 100 churches in North America which God has told. Your prayers for the teams to accomplish the Will of God will be greatly appreciated.

Lord Jesus told his disciples through the Great Commandment to preach the gospel to all nations. The Internet has become a major means of communication and collecting information upon its prevalence throughout the world. Amazing is the way how SNS, Facebook, Twitter, Instagram and Line have prevailed. They have become major means of communication not only for the young but also for all generations. Recently the AI (Artificial intelligence), the latest technology, has become the focus of world attention. It has been used in numerous areas such as safety management and medical instrument, AI robots being in its center. Time and again God has been telling us through prophecy that the Internet and the AI will be the point in Evangelism and the church work in the days to come. We do not know yet how the AI will be used for these purposes. We have been collecting information about it. When we obey God, collect the latest information and pray, the Lord will surely tell us what to do next and guide us. As we carefully examine the Word of God and faithfully obey Him, we will be able to see the Lord's wonderful thoughts and the fulfillment of His plans which are quite different from ours.

We see very clearly that the time has now come when we will use the AI as well as the Internet. They will become mighty weapons for the full-swing work in the End-Time Revival and Evangelism together with the Gifts of the Holy Spirit. The Lord's work and Glory will be manifested when we examine His Word and thoroughly obey Him.
