Weapons for the 21 Century–style Evangelism

He said to them, “Go into all the world and preach the gospel to all creation.” (Mark 16:15)

Jerusalem Sugisawa Director

Thank you very much for your precious prayers and monetary donations for our work. As we have started to hear the footsteps of the Age of Revelation, we need to heed the Middle East issue, especially the current situation in Israel. Please pray for the isolation of Israel and the peace of Jerusalem as it has been criticized by the leading countries of the world due to the relocation of the American Embassy from Tel Aviv to Jerusalem together with its problems with Palestine.

Jesus commands us to preach the Good News to All nations through the Great Commission given to His disciples. It is backed up by the fast popularization of SNS, Facebook, Twitter, Instagram and Line caused by the worldwide spread of the Internet. The Internet has surely become an indispensable tool of communication for the people of all generations. And now the world's focus is on Artificial Intelligence, the latest technology. Represented by the AI robot, its use has spread rapidly in numerous fields such as safety management and medical equipment. Time and again it has been said through prophecy that the introduction of the AI will become essential for our church work and Evangelism together with the Internet in the days to come. In such a time our mother church, TLCCC Tokyo Antioch Church, has decided to bring an AI robot into the church work. We have stepped out by faith and started to use it. When we do what the Lord tells us and obey Him, He will further tell us what to do, open the way, and accomplish His promise Himself.

The age has come when Artificial Intelligence is used together with the Internet. They will break down various walls which prevent the worldwide Evangelism such as languages, and will become mighty weapons for the full-swing Evangelism in the Latter Rain and the End-Time Revival. The Lord will do His work and accomplish His promise as we thoroughly obey Him.
