Second-and-Third-Generation Christians Being Built Up

“so is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it.” (Isaiah 55:11)

Jerusalem Sugisawa Director

Thank you very much for your precious prayers and monetary donations. In our church, generation shift has been much talked about these days. We are about to send several mission teams to Nagasaki with mainly second-and-third-generation Christians. Please pray for this dispatch. It is important as young people will eventually take up the work of world evangelism including overseas mission.

World evangelism using internet and image is being carried out as told through prophecy with young second-and-third-generation Christians at the core. In the past few years they have been built up in special ways by God's leading. And as God tells us to use praise and worship for His purpose, they are also being built up rapidly through this work. They play important roles in our J Gospel (original Japanese Gospel songs) concerts. Now they have become a threatening power in a good way for adult Gospel groups which have been the center of high-ranking winners in J. Gospel ContestFinal in Hakuba.

TLEA Tokyo Antioch Church, the mother organization of The Water flowing from sanctuary Mission, started in 1984 led by God. It was called “the Kokubunji Land” for some time after its foundation and enjoyed a time of fellowship in bowling, hiking and other such activities. God then changed the church into a "training place" for building up the people who dedicated their lives to God. And prophetic words were given to send them on mission to Nagasaki to begin with. After the mission, singles were led to get married, then full-swing overseas mission work started and has been continuing.

God plans to build up the young second-and-third-generation Christians of our church not only in practical ways, but in spiritual ways also by sending them to Nagasaki on mission once again through prophecy. They will be the core of those who will engage in the work of God in the climax of the Latter Rain Revival and the End Times. The Lord Himself will build them up, make them into His vessels who obey Him, and use them. He will accomplish the work in the End-Time Revival and manifest His glory.
