The Fulfillment of God's Word of Promise

So is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it. (Isaiah 55:11)

Jerusalem Sugisawa
Director

Thank you very much for your precious prayers and monetary donations. The Coronavirus infection are shaking the globe, but the emergency rule has started to be lifted in one country after another. In Japan 42 prefectural governments have already lifted the rule and 5 which are left have been in a stage of final adjustment. Caution is still required. Please continue to intercede for our work and finance so that the devastation will end soon and we will be able to prepare to move onto the next phase of work.

Just as God told us through prophecy, evangelism in the Czech Republic and Poland in Eastern Europe has been moving forward followed by the publication of “The Prophecy, its Reality and Use” by Pastor Paul Akimoto in the respective languages. And now evangelism in Europe including Western Europe is about to see a major development. In such a state of confusion caused by the Coronavirus infection, however, we received good news and requests. A Polish pastor who speaks highly of the polish translation of the book on prophecy asked for a seminar on prophecy based on the book. We decided to make a series of short video films subtitled in Czech, then in Polish, and post them on YouTube. We also decided to translate the book in German, Ukrainian and Russian, which makes it possible for us to penetrate into more than 20 countries. In Germany, this book was acclaimed by an elder of a big church, and the translation is being done on a top priority basis. As told through prophecy in advance, this book has triggered the work of the next phase.

When we stand firm on God's word of promise, pray and obey Him thoroughly, the Lord will open doors, accomplish His Word of promise and reveal His Glory.
